Did You Know?

• Over 75% of patients over age 45 test Demodex-positive.
• Over 40% of blepharitis patients test Demodex-positive.
• 30-fold higher count of Demodex mites in patients with cylindrical dandruff (CD) than without CD.
• Strong correlation between the number of Demodex and the severity of ocular discomfort.

References:
Utilizing a unique blend of all natural oils including tea tree oil, sea buckthorn and coconut oil, Oust™ Demodex® Swabstix™ aid in the removal of adult Demodex mites and their offspring when used on the skin and skin structures surrounding the eye. The combination solution and applicator in one provides convenient and easy use. Dispose of after use.

An extra strength eyelid cleanser that effectively relieves irritation by removing oil, debris, pollen and other contaminants from the eyelids and eyelashes. The combination solution and applicator in one provides convenient and easy use. Dispose of after use.

In-Office Procedure

**Step 1**
Open OCuSOFT® Lid Scrub® PLUS Swabstix™ with handle side up. With the Swabstix™ still in the package, press firmly on handle tip to saturate the foam tip.

**Step 2**
Clense eyebrows, closed eyelids and eyelashes using OCuSOFT® Lid Scrub® PLUS Swabstix™.

**Step 3**
Remove debris from the eyebrow, closed eyelid and eyelashes using the Gutierrez BlephBrush™ and/or disposable tweezers.

**Step 4**
Remove OCuSOFT® Lid Scrub® PLUS Swabstix™ solution by rinsing the eye area with OCuSOFT® Eye Wash or saline wipes.

**Step 5**
Open Oust™ Demodex® Swabstix™ with handle side up. With the Swabstix™ still in the package, press firmly on handle tip to saturate the foam tip.

**Step 6**
With patients eyes closed, gently apply to the eyebrows, eyelids and eyelashes. AVOID DIRECT CONTACT WITH THE EYE OR STINGING/BURNING MAY RESULT.

**Step 7**
Remove Oust™ Demodex® Swabstix™ solution by rinsing the eye area with OCuSOFT® Eye Wash or saline wipes.

**Step 8**
Again cleanse eyebrows, eyelids and eyelashes using an OCuSOFT® Lid Scrub® PLUS Swabstix™. Leave on.

**Step 9**
Repeat entire procedure with clean Swabstix™ on the other eye. A follow-up appointment should be scheduled.
